## COUNTER INTELLIGENCE CORPS

SUBJECT: HOFMILL, Dr. Wilhelm  
CIC Informant

TO : Commanding Officer, 430th CIC Detachment,  
Upper Austria Sub Detachment, APO 174, U. S. Army

1. Refers to your request, 1 September 1949, attached  
hereto for your information and action deemed necessary, two  
copies (in triplicate) of subject's recommendations for a  
"Declassified U. S. Intelligence Agency" and cover letter to  
Mr. Wharby.

2. The original documents came into custody of this Agent,  
on or about 7 December 1948, when they were brought to Agent by a  
friend of Subject and former operative of this Service, Dr.  
Thomas HUZELA. When Dr. HUZELA stated he was carrying some  
intelligence reports to the U. S. Delegation in Vienna, Agent  
concluded that it would be injudicious to carry documents of  
classified nature to the location through the Soviet Zone. The  
CIC Headquarters Center was recommended as the most expeditious means  
of transmission. HUZELA concluded that the document be forwarded  
from their original envelope in order to comply with the two  
envelope system prescribed for classified material by AR 3-C-5 and  
in order to attach an explanatory note for the Chief of Operations,  
Vienna City Section, to hold the packet for Mr. HUGOLL who  
would deliver it in person to Mr. Wharby.

3. The necessary clearance for forwarding the documents to  
the care of CIC Vienna was obtained from the Commanding Officer,  
Upper Austria Sub Detachment, after full discussions to see  
that true copies were first made. The primary reason for this  
was to make copies of the documents and to bring them  
over to the immediate attention of the Commanding Officer  
so that the knowledge they subject had in the employ of the 430th CIC  
Detachment and that the existence of a 1948 individual  
Allen Cich Dulles, thus in the department of State, was  
of trust undeterred without the practice of disclosure or  
employing agency. Subject's conduct seemed all the more re-  
hensible because many of the comments contained in his recommendations  
purportedly based on knowledge derived from his position as  
an operative of the 430th Sub Detachment.
